company profile

WEB DESIGN & MARKETING SOLUTIONS

Formed in 2000, MOR Solutions is a leading provider of Web Design and Marketing Solutions to companies throughout the island of Ireland. Our sole aim is to help your organisation improve your position in the marketplace through the use of the Internet as an effective resource.

MOR Solutions have experience across a range of areas including web-based applications, software engineering, project management, graphic design, branding and promotions. We have delivered successful solutions for large cor-

porations, voluntary or semi-state organisations as well as innovative SMEs.

MOR Solutions are proud winners of the Enterprise of the Year, 2003 for Louth and represented County Louth at the national finals in 2004. In 2006 MOR Solutions were awarded the 'Best Innovation Excellence' award in the Drogheda Business Excellence Awards.

Our customers too win awards with www.irishmoroting.ie short listed for Best Education website at the 2006 Golden Spider Awards.

PASSION STATEMENT

At MOR Solutions we are passionate about helping our clients to innovate. While there is no formula for innovation we believe it can be found in a mixture of talent and teamwork, creativity and excellence, foresight and solid delivery. As a team we love what we do and aim to bring a cutting edge advantage to each project to differentiate our clients in a very competitive world.

Client: TNS mrbi, Dublin

Website: <http://www.tnsmrbi.ie>

Project Highlights:

- Corporate Website
- Brand Impact
- Custom Content Management System

Project Brief:

In 2005, TNS mrbi (Market Research Bureau of Ireland) contracted MOR Solutions to develop a custom built content managed website which would reflect the new image of the global company to project the company as a modern, innovative and proactive market research partner who think outside the box.
